

## LEAF LAMINATES

**Step 1** – Collect autumn leaves of different colours, shapes and sizes.

**Step 2** – Cut two rectangles of clear sticky plastic. Make sure the rectangles are the same size (big enough to fit the leaves in).

**Step 3** – Peel the backing off of one rectangle of sticky plastic. Stick the leaves to the plastic.

**Step 4** – Stick the other rectangle of sticky plastic over the top of the leaves.

**Step 5** – Cut off extra sticky plastic around the leaves.

**Step 6** – Punch two holes in the top of the laminated leaves.

**Step 7** – Thread a piece of string through the holes. Hang the laminated leaves in a sunny window.

## YOU WILL NEED:

### Materials:

- € Autumn leaves
- € Sticky back plastic
- € String

### Tools:

- € Hole punch
- € Scissors

## FOLLOW ON ACTIVITY:

Use autumn leaves to make leaf prints and leaf rubbings. You could use these to decorate cards for friends and relatives.
